INTEGRATED SYSTEM MANAGEMENT POLICY
PN-EN ISO 9001:2015 and PN-EN ISO 14001:2015

The Services and Technical Company "GRAW" is a member of the Goldschmidt Group. GRAW is a manufacturer of systems measuring the geometry of tracks, rails and turnouts as well as of rolling stock wheels and wheelsets.

**Our goal is to provide Customers with complex measurement technology-related solutions, high-quality measurement equipment and user-friendly data analysis systems.
In doing business, we also strive to reduce the negative environmental impact.**

Customer's satisfaction and environmental friendliness precondition our company's effective functioning as well as its quality-based technological development.

The P.U.T. GRAW's Integrated System Management Policy, consistent with the policy of the Goldschmidt Group, is based on best expertise and experience in the application of measurement technologies.

Our policy is implemented through:

- continuous development of our employees' professional competence
- raising our employees' awareness, sense of responsibility and involvement in environmental protection
- monitoring and reduction of waste based on appropriate waste management and the prevention of potential environmental hazards
- employment of best specialists
- continuous extension of the range of state-of-the-art measurement solutions
- satisfaction of requirements in terms of customisation, legal regulations and related standards
- continuous supervision over suppliers and subcontractors in relation to specific ISM requirements.

We undertake to improve the Integrated Management System ISO 9001:2015 and ISO 14001 in order to satisfy our Customers' requirements as well as to provide necessary resources and measures enabling the implementation of the IMS Policy and established objectives.

All of the employees and co-workers of P.U.T GRAW are both familiar with and obliged to comply with the Integrated Management System Policy and the rules contained in the Quality Manual, procedures and related documentation.
